

THE GROVE'S

Family News Update

Warm turn of the year greetings!

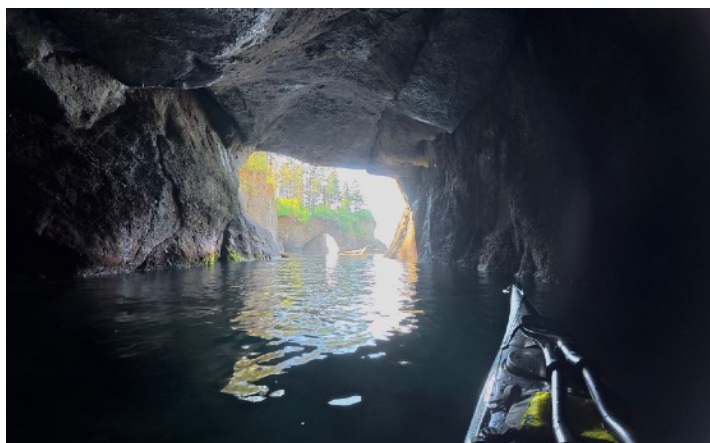

Our 2025 had weddings, concerts and a circus; a gourmet birthday dinner, weekly family meals and hanging with extended family; road trips, bike trips and camping.

The biggest event was Alan & Lindsey's wedding near Chicago. We all were on the same flight over and stayed in a B&B near Alan's place. There were good meals, hanging out by the pool, good conversations and the wedding. Such great memories!

I had some truly stellar kayak camping trips: along Whidbey Island (with freezing temperatures), in the San Juans (I saw Orca whales), at La Push (little islands, busy water), and at Cape Flattery (kayaking through caves). These trips will be very hard acts to follow!

So 2025 has been a good year. And, I wish the best for 2026 for you.

Larry & Melanie

Kayaking in caves

Biking around Crater Lake.

Knitting, a sweet new dog and a friendly cat - ah, the good life!
